

To : Whom it may concern

13 May 2020

Subject : Reference Quadex International

AmPath has been doing business with Quadex for the last many years.

We receive excellent service on Ordering, Quotations, Returns, Ad hoc requests.

If we did experience and delay or problem they did phone and explain and offered solutions to minimise any inconvenience that may occur.

Because we are a medical company where we work with Patient's lives daily, we pushed with times quite urgent orders and they understood and supported us fully in resolving speedy delivery and actions.

I will at any time refer Quadex as a supplier to any Company that want to make use of their services/products with confidence and with no doubt that you will receive the same service that we do.

Kind regards
