

POLYMACRO™ FABRIC

REMOVES ORGANIC & SYNTHETIC OILS FROM FABRICS

YOU CAN CLEAN WITHOUT DISINFECTING, BUT YOU CANNOT DISINFECT WITHOUT CLEANING.

POLYMACRO™ FABRIC is a HIGHLY EFFECTIVE STAIN REMOVER specifically formulated to remove natural and synthetic oils from most fabrics. Removes natural oil build up on towels, face cloths and facial sponges. Highly effective in removing massage oils, petroleum jelly, face creams and suntan lotion (or residues thereof) on fabrics, textiles and towels. Removes petroleum oil, gearbox oil and hydraulic fluid on stained overalls and removes food, cooking oil and salad dressing spills on shirts, ties, dresses, pants, and soiled tablecloths. Can be used by the automotive, restaurant and beauty industry.

DIRECTIONS FOR USE:

Spot stain remover: Spot stain remover: As a weekly pre-wash stain remover, fill a 1l trigger spray bottle using 100ml concentrate mixed with 900ml water and treat soiled garments prior to adding to washing machine.

Hand wash: Soak in a 25l bucket of warm water using approximately 50ml to 100ml POLYMACRO™ FABRIC. Agitate and let it stand for an hour or until water is cold. Rinse, wring and dry.

Machine wash:

Step 1. Soak towels, face cloths, overalls, etc. in your washing machine or tub using approximately 80 to 150ml POLYMACRO™ FABRIC per load in hot water. Agitate, and let it soak overnight.

Step 2. Spin dry next morning - do not rinse. Once spin cycle has ended, machine wash with washing powder on the normal cycle. Use fabric softener to soften again.

PolyMacro™ Fabric is available in:

- 250ml
- 1 Litre - Easy Dose Bottle
- 5 Litre - Bulk

Feature:

- Penetrates Biofilm
