Hygiene Market

We cut our own cloth for the hand and surface wipe market and also specialise in contract fabric cutting. Our team works closely with a range of hygiene companies, manufacturing and packing cleansing wipes, hand wipes, wet wipes, trolley wipes, and general surface wipes on their behalf.

Cloth and Bucket:

Cutting client own rolls to their specification. Cutting our rolls in 100 – 250 – 500 – 1000 and 2000 wipes.

Cloth Only:

We can offer clients wipes in a bucket in any size for them to fill with their own chemicals and then brand under their own label.

General Market:

We also service niche manufacturers to fulfill their specific cutting needs whether its Kevlar, canvas, nylon or spunbond with our specialised machine.

WHAT IS LOG REDUCTION

In terms of infection control, 'Log Reductions' convey how effective a product is at reducing pathogens. The greater the log reduction the more effective the product is at killing bacteria and other pathogens that can cause infections or illness, even death.
